The SRK-RT838 8T Tablet 8" is an Android based interactive digital display which is specifically built for commercial use and is a unique size found only in the Sirkom Retail Tablets product line. The hardware and software are finely tuned to solve the problems found in commercial environments. The 5 point capacitive touch screen ensures reliable interaction between your customer and the device.

This smart Professional Android based Panel PC delivers the right message to your potential customer, at the right moment, using the best possible medium. The interactivity is maximized through its Capacitive Multi Touch Screen that enables you to get the most from your applications.

Reliable and professionally made, this is the ideal digital point of sale device giving customers the ability to view and interact with your content in a larger than life way.

Sirkom Retail Tablets are the ideal digital point of sale display for retailers looking for an affordable interactive digital signage solution that fits easily in any location. This device has all the connectors in the back side, not as with the standard tablets in the market. In addition it has also VESA 75x75mm mount holes to adapt to wall, floor stand, or desktop.
